Dear Dan:

I wanted to take this opportunity to extend the appreciation of the Indianapolis Colts for the services provided by your company.

The Lucas Oil Stadium Project is a significant achievement for the City of Indianapolis as well as an iconic state-of-the-art facility for the NFL. The only regret I have is bringing you in to the project process so late in the game. You managed what I would consider an unprecedented view of an industry that clearly needs your services – especially from a team owner perspective. Thank you for your participation in protecting the best interests of the Indianapolis Colts. Your involvement has netted deliverables well beyond expectations.

Please do not hesitate to call on me in the future as an endorsement to what your company represents. Thank you again and I wish you the best.

Sincerely,

Pete Ward
